- Above are the various ways donors are able to donate to Little Flower via the Global Development Group in Australia (GDG). Please be aware that all donations are now tax deductible through GDG with the ATO and rebates are between 30-47% of the donation amount.
- Please also ensure you complete all the required information when submitting your donation to enable GDG to properly capture all donations for Little Flower in India appropriately.
- Should any of you wish to make a donation whilst in India, The UK, USA, NZ or EU, I have their details also. Please contact me for these.

Please contact me should you experience any difficulties with this new process as GDG will address any concerns very promptly
